In our hairstyling Salon, all the mentioned prices include:

- Hair and scalp diagnosis
- The shampoo best suited to your hair and scalp type
- The haircare products (cream & serum)
- Our massage loungers
- The recommendation of your personalised homecare programme

We exclusively use the products of L'Oréal professionnel, INOA colour, Kérastase, Moroccanoil, secretos del agua

You have to add the corresponding wash & blow-dry to the haircutting, coloring and technical services.

We do not realize haircutting and coloring services without washing.
